## INDEPENDENT AUDITOR'S REPORT

School Board  
Enderlin Area Public School District  
Enderlin, North Dakota

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Enderlin Area Public School District (the "District"), as of and for the years ended June 30, 2025 and 2024, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2025 and 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison schedule, nonmajor governmental funds – combining balance sheet, nonmajor governmental funds – schedule of revenues, expenditures, and changes in fund balance, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedule, nonmajor governmental funds – combining balance sheet, nonmajor governmental funds – combining schedule of revenues, expenditures, and changes in fund balance, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information Included in the Annual Report**

Management is responsible for the other information included in the annual report. The other information comprises the official directory but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Enderlin Area Public School District, Enderlin, North Dakota (the “District”) are presented on a modified cash basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

**A. Reporting Entity**

The accompanying financial statements present the activities of the District. The District has considered all potential component units for which the District is financially accountable and other organizations for which the nature and significance of their relationships with the District such that exclusion would cause the District’s financial statements to be misleading or incomplete. GASB has set forth criteria to be considered in determining financial accountability. This criterion includes appointing a voting majority of an organization’s governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the District.

Based on these criteria, there are no component units to be included within the District as a reporting entity.

**B. Basis of Presentation**

Government-wide statements – The statement of net position and the statement of activities display information about the primary government, the Enderlin Area Public School District. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, fees and other non-exchange transactions. The statement of activities presents a comparison between direct expenses and program revenues for each function of the District’s governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund financial statements – The fund financial statements provide reports on the financial condition and results of operations for governmental categories.. The District considers some governmental funds major and reports their financial condition and results of operations in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental fund:

- General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

Additionally, the District reports the following governmental fund types that are included in non-major funds:

- Governmental Funds
  - Special Reserve Fund – Used to account for resources restricted to, or designated for, specific purposes by the District.
  - Capital Projects Fund – Used to account for financial resources related to capital outlays made by the District.
  - Debt Service Fund – Used to account for the accumulation of resources for, and payment of, general obligation bond principal, interest, and related costs.
  - Food Service Fund – Used to account for food service revenues and expenditures.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

Governmental funds are reported using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position/fund balance, revenues, expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements. This is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

**D. Cash and Investments**

Cash includes amounts in demand deposits and money market accounts. Cash equivalents on the statement of cash flows consist of certificates of deposit with a maturity of three months or less. Deposits must either be deposited with the Bank of North Dakota or in other financial institutions situated and doing business within the state. Deposits, other than with the Bank of North Dakota, must be fully insured or bonded. In lieu of a bond, a financial institution may provide a pledge of securities equal to 110% of the uninsured balance.

**E. Capital Assets**

Capital assets include land, buildings, and equipment. Assets are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings/Improvements	20 - 50
Equipment	10
Busses/Vehicles	10

**F. Vacation Pay and Sick Pay**

The expenditures for vacation and sick pay are recognized when payment is made. Teachers receive up to 3 personal days annually, accumulative to 6 days. Teachers with any unused earned personal leave will be paid at the same rate as the daily compensation for a short-term substitute teacher for each day of unused personal leave. Teachers are also allowed 20 days of sick leave per year that upon termination of employment, a lump sum payment of \$10 per day for unused accumulated sick leave. If a teacher has a minimum of 20 years of service in the District, they will receive \$35 per day.

Full-time twelve-month employees after being employed for 1 year as of July 1 shall receive 10 days of non-accumulative vacation days. Any twelve-month employee granted vacation time and who shall resign or be relieved of their position shall be entitled to prorated monetary reimbursement for unused vacation days.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

**G. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the government activities statement of net position. Bond premiums, discounts and issuance costs are recognized in the current period since the amounts are not material. In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the current period. The face amount of the debt is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

**H. Fund Balance and Net Position**

In the fund financial statements, governmental funds report fund balance in the classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

- Nonspendable
  - Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. They include items such as, but not limited to, inventories, prepaid items, or the permanent principal of endowment funds.
- Restricted
  - Fund balance is reported as restricted when constraints are placed on the use of resources that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed
  - A committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the School Board. Formal action is required to be taken to establish, modify, or rescind a fund balance commitment.
- Assigned
  - Assigned fund balances are amounts that are constrained by the government's intent to be used for specific purposes but are under the direction of the board and the business manager.
- Unassigned
  - Unassigned fund balance is the lowest classification for the General Fund. This is a fund balance that has not been reported in any other classification. The General Fund is the only fund that can report a positive unassigned fund balance. A negative unassigned fund balance may be reported in other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

It is the policy of the District to spend restricted resources first, followed by unrestricted resources. It is also the policy of the District to spend unrestricted resources in the following order: committed, assigned, and then unassigned.

**I. Net Position**

Net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources in the District's financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any long-term debt attributable to the acquisition, construction, or improvement of those assets. Restricted Net Position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Unrestricted Net Position is the net amount of assets, deferred outflows or resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

**J. Interfund Transactions**

In the governmental fund statements, transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers. In the government-wide financial statements, interfund transactions have been eliminated.

**NOTE 2 – LEGAL COMPLIANCE – BUDGETS**

Expenditures over Appropriations – General fund expenditures did not exceed budgeted amounts for the years ended June 30, 2025 and 2024.

**NOTE 3 – DEPOSITS AND INVESTMENTS**

In accordance with North Dakota Statutes, the District maintains deposits at the depository banks designed by the governing board. All depositories are members of the Federal Reserve System.

Deposits must either be deposited with the Bank of North Dakota or in other financial institutions situated and doing business within the state. Deposits, other than with the Bank of North Dakota, must be fully insured or bonded. In lieu of a bond, a financial institution may provide a pledge of securities equal to 110% of the deposits not covered by insurance or bonds.

Authorized collateral includes bills, notes, or bonds issued by the United States government, its agencies or instrumentalities, all bonds and notes guaranteed by the United States government, Federal land bank bonds, notes, warrants, certificates of indebtedness, insured certificates of deposit, shares of investment companies registered under the Investment Companies Act of 1940, and all other forms of securities issued by the State of North Dakota, its boards, agencies or instrumentalities or by any county, city, township, school district, park district, or other political subdivision of the State of North Dakota whether payable from special revenues or supported by the full faith and credit of the issuing body and bonds issued by another state of the United States or such other securities approved by the banking board. For the years ended June 30, 2025 and 2024, the District's carrying amounts of deposits were \$1,192,890 and \$1,213,496. The bank balances were \$1,382,996 and \$1,373,430. Of the bank balances, \$500,000 was covered by Federal Depository Insurance. The remaining bank balances were collateralized with securities held by the pledging financial institution's agent in the District's name.

*Credit Risk:*

The District may invest idle funds as authorized in North Dakota Statutes, as follows:

- Bonds, treasury bills and notes, or other securities that are a direct obligation insured or guaranteed by the Treasury of the United States, or its agencies, instrumentalities, or organizations created by an act of congress.
- Securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are the type listed above.
- Certificates of Deposit fully insured by the Federal Deposit Insurance Corporation.
- Obligations of the state.

At June 30, 2025 and 2024, the District held \$6633,785 and \$610,978 in certificates of deposit.

*Interest Rate Risk:*

The District does not have a formal deposit policy that limits maturities as a means of managing exposure to fair-value losses arising from increasing interest rates.

*Concentration of Credit Risk:*

The District does not have a limit on the amount it may invest in any one issuer.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

**NOTE 4 – PROPERTY TAXES**

Property taxes are levied as of January 1. The property taxes attach as an enforceable lien on property on January 1 and may be paid in two installments. The first installment includes one-half of the real estate taxes and all the special assessments and the second installment is the balance of the real estate taxes. The first installment is due by March 1 and the second installment is due by October 15. A 5% discount on property taxes is allowed if all taxes and special assessments are paid by February 15. After the due dates, the bill becomes delinquent and penalties are assessed.

**NOTE 5 – CAPITAL ASSETS**

The following is a summary of changes in capital assets for the years ended June 30, 2025 and 2024:

	Balance July 1, 2024	Additions	Retirements	Balance June 30, 2025

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

Outstanding debt at June 30, 2025 and 2024, are comprised of the following individual issuances:

1. General Obligation State School Construction Fund Bond Series 2020A
  - a. From an original issuance of \$1,515,000, at an interest rate of 2.00%, \$1,176,549 and \$1,242,944 remained outstanding at June 30, 2025 and 2024. The principal and interest are payable through June 1, 2040.
2. North Dakota State Aid Refunding Certificates of Indebtedness Series 2020B
  - a. From an original issuance of \$2,245,000, at an interest rate of 2.00%, \$1,485,000 and \$1,680,000 remained outstanding at June 30, 2025 and 2024. The principal and interest are payable through August 1, 2031.

The debt service requirement are as follows:

Bonds Payable			
Year Ending June 30,	Principal	Interest	Payment
2026	\$ 268,111	\$ 51,257	\$ 319,368
2027	274,474	45,845	320,319
2028	280,863	40,305	321,168
2029	282,280	34,688	316,968
2030	288,726	28,993	317,719
2031 - 2035	836,344	75,944	912,288
2036 - 2040	430,751	26,260	457,011
Totals	<u>\$ 2,661,549</u>	<u>\$ 303,292</u>	<u>\$ 2,964,841</u>

**NOTE 7 – RISK MANAGEMENT**

The District is exposed to various risks of loss relating to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

In 1986, state agencies and political subdivisions of the State of North Dakota joined together to form the North Dakota Insurance Reserve Fund (NDIRF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. The District pays an annual premium to NDIRF for its general liability, auto and public assets insurance coverage. The coverage by NDIRF is limited to losses of \$7,000,000 per occurrence for general liability and auto coverage.

The District also participates in the North Dakota Fire and Tornado Fund and the State Bonding Fund. The District pays an annual premium to the Fire and Tornado Fund to cover property damage to buildings and personal property. Replacement cost coverage is provided by estimating replacement cost in consultation with the Fire and Tornado Fund. The Fire and Tornado Fund is reinsured by a third-party insurance carrier for losses in excess of \$2,000,000 per occurrence during a twelve-month period. The State Bonding Fund currently provides political subdivision with blanket fidelity bond coverage in the amount of \$1,805,137 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

**NOTE 8 – PENSION PLANS**

**North Dakota Teacher's Fund for Retirement**

The following brief description of TFFR is provided for general information purposes only. Participants should refer to NDCC Chapter 15-39.1 for more complete information.

TFFR is a cost-sharing multiple-employer defined benefit pension plan covering all North Dakota public teachers and certain other teachers who meet various membership requirements. TFFR provides for pension, death and disability benefits. The cost to administer the TFFR plan is financed by investment income and contributions.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

Responsibility for administration of the TFFR benefits program is assigned to a seven-member Board of Trustees (Board). The Board consists of the State Treasurer, the Superintendent of Public Instruction, and five members appointed by the Governor. The appointed members serve five-year terms which end on June 30 of alternate years. The appointed Board members must include two active teachers, one active school administrator, and two retired members. The TFFR Board submits any necessary or desirable changes in statutes relating to the administration of the fund, including benefit terms, to the Legislative Assembly for consideration. The Legislative Assembly has final authority for changes to benefit terms and contribution rates.

**Pension Benefits**

For purposes of determining pension benefits, members are classified within one of three categories. Tier 1 grandfathered and Tier 1 non-grandfathered members are those with service credit on file as of July 1, 2008. Tier 2 members are those newly employed and returning refunded members on or after July 1, 2008.

*Tier 1 Grandfathered*

A Tier 1 grandfathered member is entitled to receive unreduced benefits when three or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or the sum of age and years of service credit equals or exceeds 85. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 6% per year for every year the member's retirement age is less than 65 years or the date as of which age plus service equal 85. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR are determined by NDCC Section 15-39.1-10. Monthly benefits under TFFR are equal to the three highest annual salaries earned divided by 36 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

*Tier 1 Non-Grandfathered*

A Tier 1 non-grandfathered member is entitled to receive unreduced benefits when three or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or has reached age 60 and the sum of age and years of service credit equals or exceeds 90. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 8% per year from the earlier of age 60/Rule of 90 or age 65. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR are determined by NDCC Section 15-39.1-10. Monthly benefits under TFFR are equal to the three highest annual salaries earned divided by 36 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

*Tier 2*

A Tier 2 member is entitled to receive unreduced benefits when five or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or has reached age 60 and the sum of age and years of service credit equals or exceeds 90. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 8% per year from the earlier of age 60/Rule of 90 or age 65. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR are determined by NDCC Section 15-39.1-10. Monthly benefits under TFFR are equal to the five highest annual salaries earned divided by 60 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

**Death and Disability Benefits**

Death benefits may be paid to a member’s designated beneficiary. If a member’s death occurs before retirement, the benefit options available are determined by the member’s vesting status prior to death. If a member’s death occurs after retirement, the death benefit received by the beneficiary (if any) is based on the retirement plan the member selected at retirement.

An active member is eligible to receive disability benefits when: (a) a total disability lasting 12 months or more does not allow the continuation of teaching, (b) the member has accumulated five years of credited service in North Dakota, and (c) the Board of Trustees of TFFR has determined eligibility based upon medical evidence. The amount of the disability benefit is computed by the retirement formula in NDCC Section 15-39.1-10 without consideration of age and uses the member’s actual years of credited service. There is no actuarial reduction for reason of disability retirement.

**Member and Employer Contributions**

Member and employer contributions paid to TFFR are set by NDCC Section 15-39.1-09. Every eligible teacher in the State of North Dakota is required to be a member of TFFR and is assessed at a rate of 11.75% of salary as defined by NDCC Section 15-39.1-04. Every governmental body employing a teacher must also pay into TFFR a sum equal to 12.75% of the teacher’s salary. Member and employer contributions will be reduced to 7.75% each when the fund reaches 100% funded ratio on an actuarial basis.

A vested member who terminates covered employment may elect a refund of contributions paid plus 6% interest or defer payment until eligible for pension benefits. A non-vested member who terminates covered employment must claim a refund of contributions paid before age 70½. Re-funded members forfeit all service credits under TFFR. These service credits may be repurchased upon return to covered employment under certain circumstances, as defined by the NDCC.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2025 and 2024, if the District were to report on the full accrual basis, a liability of \$3,873,881 and \$3,992,971 for its proportionate share of the net pension liability would have been reported. The net pension liability was measured as of June 30, 2024 and 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial calculation as of that date. The District’s proportion of the net pension liability was based on the District’s share of covered payroll in the pension plan relative to the covered payroll of all participating TFFR employees. At June 30, 2025 and 2024 the District’s proportion was .275249% and .284539%. The District’s pension contributions for the years ended June 30, 2025 and 2024 was \$291,105 and \$283,682.

**Actuarial Assumptions**

The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in measurement:

Inflation	2.30%
Salary increases	Composed of 3.80% wage inflations, plus step rate promotional increases for members with less than 30 years of service
Investment rate of return	7.25%, net of investment expenses
Cost-of-living-adjustments	None

For active and inactive members, mortality rates were based on the PubT-2010 Employee table, projected with generational improvement using Scale MP-2019. For healthy retirees, mortality rates were based on 104% of the PubT-2010 Retiree table for retirees and to 95% of the PubT-2010 Contingent Survivor table for beneficiaries, both projected with generational improvement using Scale MP-2019. For disability retirees, mortality rates were based on the PubNS-2010 Non-Safety Disabled Mortality table projected with generational improvement using Scale MP-2019.

The actuarial assumptions used were based on the results of an actuarial experience study dated March 19, 2020. They are the same as the assumptions used in the July 1, 2024, funding actuarial valuation for TFFR.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

The TFFR Board is responsible for establishing investment policy for the fund assets under NDCC 15-39.1-05.2. Benefit payments are projected to occur over a long period of time. This allows TFFR to adopt a long-term investment horizon and asset allocation policy for the management of fund assets. Asset allocation policy is critical because it defines the basic risk and return characteristics of the investment portfolio. Asset allocation targets are established using an asset-liability analysis designed to assist the Board in determining an acceptable volatility target for the fund and an optimal asset allocation policy mix. This asset-liability analysis considers both sides of the plan balance sheet, utilizing both quantitative and qualitative inputs, in order to estimate the potential impact of various asset class mixes on key measures of total plan risk, including the resulting estimated impact of funded status and contribution rates.

The long-term expected rate of return on TFFR investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the TFFR target asset allocation as of June 30, 2025, is summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Global Equities	55%	5.8%
Global Fixed Income	26%	2.9%
Global Real Assets	18%	6.3%
Cash Equivalents	1%	1.6%

**Discount Rate**

The discount rate used to measure the total pension liability was 7.25% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at rates equal to those based on the July 1, 2024, Actuarial Valuation Report. For this purpose, only employer contributions that are intended to fund the benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future-plan members and their beneficiaries, as well as projected contributions from future-plan members, are not included. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members as of July 1, 2024. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2024.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued TFFR financial report.

**North Dakota Public Employees Retirement System (Main System)**

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDCC Chapter 54-52 for more complete information.

NDPERS is a cost-sharing multiple-employer defined benefit pension plan that covers substantially all employees of the State of North Dakota, its agencies and various participating political subdivisions. NDPERS provides for pension, death and disability benefits. The cost to administer the plan is financed through the contributions and investment earnings of the plan.

Responsibility for administration of the NDPERS defined benefit pension plan is assigned to a Board comprised of eleven members. The Governor is responsible for appointing three other members in addition to the Chairman of the Board. Four members are appointed by legislative management, and the remaining three Board members are elected from active employees currently contributing to PERS.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

**Pension Benefits**

Benefits are set by statute. NDPERS has no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Member of the Main System are entitled to unreduced monthly pension benefits beginning when the sum of age and years of credited service equal or exceed 85 (Rule of 85), or at normal retirement age (65). For members hired on or after January 1, 2016, the Rule of 85 was replaced with the Rule of 90 with a minimum age of 60. The monthly pension benefit is equal to 2.00% of their average monthly salary, using the highest 36 months out of the last 180 months of service, for each year of service. For members hired on or after January 1, 2020, the 2.00% multiplier was replaced with a 1.75% multiplier. The plan permits early retirement at ages 55-64 with three or more years of service.

Members may elect to receive the pension benefits in the form of a single life, joint and survivor, term-certain annuity, or partial lump sum with ongoing annuity. Members may elect to receive the value of their accumulated contributions, plus interest, as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits in the form of an annuity. For each member electing an annuity, total payment will not be less than the members' accumulated contributions plus interest.

**Death and Disability Benefits**

Death and disability benefits are set by statute. If an active member dies with less than three years of service for the Main System, a death benefit equal to the value of the member's accumulated contributions, plus interest, is paid to the member's beneficiary. If the member has earned more than three years of credited service for the Main System, the surviving spouse will be entitled to a single payment refund, life-time monthly payments in an amount equal to 50% of the member's accrued normal retirement benefit, or monthly payments in an amount equal to the member's accrued 100% Joint and Survivor retirement benefit if the member had reached normal retirement age prior to date of death. If the surviving spouse dies before the member's accumulated pension benefits are paid, the balance will be payable to the surviving spouse's designated beneficiary.

Eligible members who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits equal to 25% of their final average salary with a minimum benefit of \$100. To qualify under this section, the member has to become disabled during the period of eligible employment and apply for benefits within one year of termination. The definition for disabled is set by the NDPERS in the North Dakota Administrative Code.

**Refunds of Member Account Balance**

Upon termination, if a member of the Main System is not vested (is not 65 or does not have three years of service), they will receive the accumulated member contributions and vested employer contributions, plus interest, or may elect to receive this amount at a later date. If the member has vested, they have the option of applying for a refund or can remain as a terminated vested participant. If a member terminated and withdrew their accumulated member contribution and is subsequently reemployed, they have the option of repurchasing their previous service.

**Member and Employer Contributions**

Member and employer contributions paid to NDPERS are set by statute and are established as a percent of salaries and wages. Member contribution rates are 7% and employer contribution rates are 7.12% of covered compensation. For members hired on or after January 1, 2020, member contribution rates are 7% and employer contribution rates are 8.26% of covered compensation.

The member's account balance includes the vested employer contributions equal to the member's contributions to an eligible deferred compensation plan. The minimum member contribution is \$25 and the maximum may not exceed the following:

- 1 to 12 months of service – Greater of one percent of monthly salary or \$25
- 13 to 24 months of service – Greater of two percent of monthly salary or \$25
- 25 to 36 months of service – Greater of three percent of monthly salary or \$25
- Longer than 36 months of service – Greater of four percent of monthly salary or \$25

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2025 and 2024, if the District were to report on the full accrual basis, a liability of \$838,649 and \$863,317 for its proportionate share of the net pension liability would have been reported. The net pension liability was measured as of June 30, 2024 and 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial calculation as of that date. The District’s proportion of the net pension liability was based on the District’s share of covered payroll in the pension plan relative to the covered payroll of all participating NDPERS employees. At June 30, 2025 and 2024, the District’s proportion was .044839% and .0444772% The District’s pension contributions for the years ended June 30, 2025 and 2024 was \$60,416 and \$48,457.

**Actuarial Assumptions**

The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	3.50% to 17.75% including inflation
Investment rate of return	6.50%, net of investment expenses
Cost-of-living-adjustments	None

For active members, inactive members and healthy retirees, mortality rates were based on the Sex-distinct Pub-2010 table for General Employees, with scaling based on actual experience. Respective corresponding tables were used for healthy retirees, disabled retirees, and active members. Mortality rates are projected from 2010 using the MP-2019 scale.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund’s target asset allocation are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	31.9%	5.40%
International Equity	19.1%	7.00%
Private Equity	7%	8.50%
Domestic Fixed Income	23%	2.88%
Global Real Assets	19%	6.10%
Cash Equivalents	0%	0.00%

**Discount Rate**

For PERS, GASB Statement No. 67 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the System to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The current employer and employee fixed rate contributions are assumed to be made in each future year. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. In years where assets are not projected to be sufficient to meet benefit payments, which is the case for the PERS plan, the use of a municipal bond rate is required.

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

For the purpose of this valuation, the expected rate of return on pension plan investments is 6.50%; the municipal bond rate is 3.97%; and the resulting Single Discount Rate is 6.50%.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued NDPERS financial report.

**NOTE 9 – OTHER POST EMPLOYMENT BENEFITS (OPEB)**

**North Dakota Public Employees Retirement System**

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDAC Chapter 71-06 for more complete information.

NDPERS OPEB plan is a cost-sharing multiple-employer defined benefit OPEB plan that covers members receiving retirement benefits from the PERS, the HPRS, and Judges retired under Chapter 27-17 of the North Dakota Century Code a credit toward their monthly health insurance premium under the state health plan based upon the member's years of credited service. Effective July 1, 2015, the credit is also available to apply towards monthly premiums under the state dental, vision and long-term care plan and any other health insurance plan. Effective August 1, 2019, the benefit may be used for any eligible health, prescription drug plan, dental, vision, or long term care plan premium expense. The Retiree Health Insurance Credit Fund is advance-funded on an actuarially determined basis.

Responsibility for administration of the NDPERS defined benefit OPEB plan is assigned to a Board comprised of nine members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by the active membership of the NDPERS system, one member elected by the retired public employees and two members of the legislative assembly appointed by the chairman of the legislative management.

**OPEB Benefits**

The employer contribution for the PERS, the HPRS and the Defined Contribution Plan is set by statute at 1.14% of covered compensation. The employer contribution for employees of the state board of career and technical education is 2.99% of covered compensation for a period of eight years ending October 1, 2015. Employees participating in the retirement plan as parttime/temporary members are required to contribute 1.14% of their covered compensation to the Retiree Health Insurance Credit Fund. Employees purchasing previous service credit are also required to make an employee contribution to the Fund. The benefit amount applied each year is shown as "*prefunded credit applied*" on the Statement of Changes in Plan Net Position for the OPEB trust funds. Beginning January 1, 2020, members first enrolled in the NDPERS Main System and the Defined Contribution Plan on or after that date will not be eligible to participate in RHIC. Therefore, RHIC will become for the most part a closed plan. There were no other benefit changes during the year.

Retiree health insurance credit benefits and death and disability benefits are set by statute. There are no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Employees who are receiving monthly retirement benefits from the PERS, the HPRS, the Defined Contribution Plan, the Chapter 27-17 judges or an employee receiving disability benefits, or the spouse of a deceased annuitant receiving a surviving spouse benefit or if the member selected a joint and survivor option are eligible to receive a credit toward their monthly health insurance premium under the state health plan.

Effective July 1, 2015, the credit is also available to apply towards monthly premiums under the state dental, vision and long-term care plan and any other health insurance plan. Effective August 1, 2019, the benefit may be used for any eligible health, prescription drug plan, dental, vision, or long term care plan premium expense. The benefits are equal to \$5.00 for each of the employee's, or deceased employee's years of credited service not to exceed the premium in effect for selected coverage. The retiree health insurance credit is also available for early retirement with reduced benefits.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2025 and 2024, if the District were to report on the full accrual basis, a liability of \$31,692 and \$37,131 for its proportionate share of the net OPEB liability would have been reported. The net OPEB liability was measured as of June 30, 2024 and 2023 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial calculation as of that date. The District's proportion of the net OPEB liability was based on the District's share of covered payroll in the OPEB plan relative to the covered payroll of all participating NDPERS employees. At June 30, 2025 and 2024, the District's proportion was .036678% and .037140%. The District's OPEB contributions for the years ended June 30, 2025 and 2024 was \$4,869 and \$4,543.

**Actuarial Assumptions**

The total OPEB liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	Not applicable
Investment rate of return	5.75%, net of investment expenses
Cost-of-living-adjustments	None

For active members, inactive members and healthy retirees, mortality rates were based on the MortalityPub-2010 Healthy Retiree Mortality table (for General Employees), sex-distinct, with rates multiplied by 103% for males and 101% for females. Pub-2010 Disabled Retiree Mortality table (for General Employees), sex-distinct, with rates multiplied by 117% for males and 112% for females. Pub-2010 Employee Mortality table (for General Employees), sex-distinct, with rates multiplied by 92% for both males and females. Mortality rates are projected from 2010 using the MP-2019 scale.

The long-term expected investment rate of return assumption for the RHIC fund was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of RHIC investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Estimates of arithmetic real rates of return, for each major asset class included in the RHIC's target asset allocation as of July 1, 2024 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Large Cap Domestic Equities	33%	4.00%
Small Cap Domestic Equities	6%	6.00%
Domestic Fixed Income	35%	3.29%
International Equities	26%	7.00%

**OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued NDPERS financial report.

**NOTE 10 – JOINT VENTURE**

The District participates in the following joint venture:

**South Valley Special Education Unit**

Formed for the purpose of providing special education services to the member school districts. The Unit's governing board is composed of representatives from the member school districts, who are superintendents. The Board is responsible for adopting the Unit's budget and setting service fees at a level adequate to fund the adopted budget. The District retains no equity in the net assets of the Unit, but does have a responsibility to fund deficits of the Unit in proportion to the relative participation described above. Separate financial statements for this joint venture are available from the Unit.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Notes to Financial Statements – Continued**

---

**NOTE 11 – NONMONETARY TRANSACTIONS**

The District receives food commodities from the federal government to subsidize its food service program. The market value of commodities received for the years ended June 30, 2025 and 2024 was \$14,231 and \$12,098.

**NOTE 12 – CONCENTRATIONS**

The District receives a substantial amount of its support from federal and state governments. A significant reduction in this support may have a material effect on the District's programs and its continued operations.

**NOTE 13 - TRANSFERS**

Transfers from the General Fund to the Food Service Fund were made to cover expenditures in excess of revenues.

**NOTE 14 – FUND BALANCE**

The following is a summary of fund balances as of June 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Restricted		
Special Reserve	\$ 7,844	\$ 7,680
Debt Service	57,861	38,351
Student Activities	385,762	349,663

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**Year Ended June 30, 2024**

---

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the “schedule”) includes the federal award activity of the Enderlin Area Public School District under programs of the federal government for the year ended June 30, 2024. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The amounts reported on the schedule have been reconciled to and are in agreement with amounts recorded in the accounting records from which the financial statements have been reported.

**NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the applicable cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or limited as to reimbursement. The Enderlin Area Public School District has not elected to use the 10-percent de minimis cost rate as allowed under the Uniform Guidance.

**NOTE 3 – NONCASH AWARDS**

Non-monetary assistance is reported in the schedule of federal awards at the fair market value of commodities received and disbursed.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

School Board  
Enderlin Area Public School District  
Enderlin, North Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Enderlin Area Public School District (the "District"), as of and for the year ended June 30, 2025, and the related notes to financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 18, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of current year findings that we consider to be material weaknesses (2025-001 and 2025-002).

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with these provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **District's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of current year findings. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

School Board  
Enderlin Area Public School District  
Enderlin, North Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Enderlin Area Public School District (the "District"), as of and for the year ended June 30, 2024, and the related notes to financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 18, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses (2024-001 and 2024-002).

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with these provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **District's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM AND REPORT  
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

School Board  
Enderlin Area Public School District  
Enderlin, North Dakota

**Report on Compliance for the Major Federal Program**

**Opinion on the Major Federal Program**

We have audited the Enderlin Area Public School District (the "District")'s compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal program for the year ended June 30, 2024. The District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

**Basis for Opinion on the Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Enderlin, North Dakota**

**SCHEDULE OF CURRENT YEAR FINDINGS**  
**Year ended June 30, 2025**

---

*2025-001 INADEQUATE SEGREGATION OF DUTIES*

**Criteria**

The segregation of duties and responsibilities between different individuals for custody of assets, recordkeeping for those assets, and reconciliation of those asset accounts is an important control activity needed to adequately protect the entity's assets and ensure accurate financial reporting.

**Condition**

Proper internal control surrounding custody of assets, the recording of transactions, reconciling bank accounts and preparation of financial statements dictates that there should be sufficient accounting personnel, so duties of employees are properly segregated. More segregation of duties would provide better control over the assets of the District.

**Effect or Potential Effect**

Without sufficient segregation of duties, the risk significant increases that errors and fraud related to cash receipts, disbursements, and reconciliations, including misappropriation of assets, could occur and not be detected within a timely basis.

**Recommendation**

The accounting functions should be reviewed to determine if additional segregation of duties is feasible and to improve the efficiency and effectiveness of financial management and financial statement accuracy for the District. Segregation of authorization, custody of assets, record keeping, and reconciliation functions would assist in mitigating the risk of fraud or misstatements to the financial statements.

**Views of Responsible Officials**

There is no disagreement with the audit finding and we understand that this will be a repeated recommendation due to the limited amount of resources of the District. The District will segregate functions where feasible.

*2025-002 FINANCIAL STATEMENT PREPARATION*

**Criteria**

A good system of internal accounting control contemplates an adequate system for the preparation of the financial statements, including recording government wide journal entries in order to reconcile from the fund financials to the government wide financials and ensuring all general ledger accounts are properly reflected.

**Condition**

The District does not have an internal control system designed to provide for the preparation of the financial statements being audited, including recording government wide journal entries. As auditors, we were requested to draft the financial statements, which include proposing government wide journal entries, and drafting the accompanying notes to the financial statements.

**Effect of Potential Effect**

Inadequate controls over financial reporting of the District results in more than a remote likelihood that the District would not be able to draft the financial statements and accompanying notes to financial statements that are materially correct without the assistance of the auditors.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Schedule of Current Year Findings – Continued**

---

**Recommendation**

We recommend the District be aware of this condition and be prepared and able to provide all necessary information and schedules to complete the financial statements and disclosures. As a compensating control, the District should establish an internal control policy to document annual review of the financial statements and to review a financial statement disclosure checklist.

**Views of Responsible Officials**

The District will continue to have the auditor prepare the financial statements. It is currently not cost-effective for management to perform the preparation.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Enderlin, North Dakota**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**Year ended June 30, 2024**

**SECTION I - SUMMARY OF AUDITOR'S RESULTS**

**SECTION II - FINANCIAL STATEMENT FINDINGS**

*2024-001 INADEQUATE SEGREGATION OF DUTIES*

**Criteria**

The segregation of duties and responsibilities between different individuals for custody of assets, recordkeeping for those assets, and reconciliation of those asset accounts is an important control activity needed to adequately protect the entity's assets and ensure accurate financial reporting.

**Condition**

Proper internal control surrounding custody of assets, the recording of transactions, reconciling bank accounts and preparation of financial statements dictates that there should be sufficient accounting personnel, so duties of employees are properly segregated. More segregation of duties would provide better control over the assets of the District.

**Effect or Potential Effect**

Without sufficient segregation of duties, the risk significant increases that errors and fraud related to cash receipts, disbursements, and reconciliations, including misappropriation of assets, could occur and not be detected within a timely basis.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Schedule of Findings and Questioned Costs – Continued**

---

**Recommendation**

The accounting functions should be reviewed to determine if additional segregation of duties is feasible and to improve the efficiency and effectiveness of financial management and financial statement accuracy for the District. Segregation of authorization, custody of assets, record keeping, and reconciliation functions would assist in mitigating the risk of fraud or misstatements to the financial statements.

**Repeat Finding**

Yes.

**Views of Responsible Officials**

There is no disagreement with the audit finding and we understand that this will be a repeated recommendation due to the limited amount of resources of the District. The District will segregate functions where feasible.

*2024-002 FINANCIAL STATEMENT PREPARATION*

**Criteria**

A good system of internal accounting control contemplates an adequate system for the preparation of the financial statements, including recording government wide journal entries in order to reconcile from the fund financials to the government wide financials and ensuring all general ledger accounts are properly reflected.

**Condition**

The District does not have an internal control system designed to provide for the preparation of the financial statements being audited, including recording government wide journal entries. As auditors, we were requested to draft the financial statements, which include proposing government wide journal entries, and drafting the accompanying notes to the financial statements.

**Effect of Potential Effect**

Inadequate controls over financial reporting of the District results in more than a remote likelihood that the District would not be able to draft the financial statements and accompanying notes to financial statements that are materially correct without the assistance of the auditors.

**Recommendation**

We recommend the District be aware of this condition and be prepared and able to provide all necessary information and schedules to complete the financial statements and disclosures. As a compensating control, the District should establish an internal control policy to document annual review of the financial statements and to review a financial statement disclosure checklist.

**Repeat Finding**

Yes.

**Views of Responsible Officials**

The District will continue to have the auditor prepare the financial statements. It is currently not cost-effective for management to perform the preparation.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Enderlin, North Dakota**

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**Year ended June 30, 2025**

---

**Prior Financial Statement Findings**

*2024-001*

A material weakness was reported for inadequate segregation of duties.

**Recommendation**

The accounting functions should be reviewed to determine if additional segregation of duties is feasible and to improve the efficiency and effectiveness of financial management and financial statement accuracy for the District. Segregation of authorization, custody of assets, record keeping, and reconciliation functions would assist in mitigating the risk of fraud or misstatements to the financial statements. This material weakness continues to exist under the current audit findings as finding number 2025-001.

*2024-002*

A material weakness was reported for financial statement preparation.

**Recommendation**

The accounting functions should be reviewed to determine if it is feasible for the District to prepare its own financial statements. This material weakness continues to exist under the current audit finding 2025-002.

**ENDERLIN AREA PUBLIC SCHOOL DISTRICT**  
**Enderlin, North Dakota**

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**Year ended June 30, 2024**

---

**Prior Financial Statement Findings**

*2023-001*

A material weakness was reported for inadequate segregation of duties.

**Recommendation**

The accounting functions should be reviewed to determine if additional segregation of duties is feasible and to improve the efficiency and effectiveness of financial management and financial statement accuracy for the District. Segregation of authorization, custody of assets, record keeping, and reconciliation functions would assist in mitigating the risk of fraud or misstatements to the financial statements. This material weakness continues to exist under the current audit findings as finding number 2024-001.

*2023-002*

A material weakness was reported for financial statement preparation.

**Recommendation**

The accounting functions should be reviewed to determine if it is feasible for the District to prepare its own financial statements. This material weakness continues to exist under the current audit finding 2024-002.
